PROFILE

Frontend Developer with 2.5+ years of experience building scalable web applications using React.js, JavaScript, TypeScript, HTML5, CSS3, and Next.js. Experienced in developing enterprise ERP platforms, integrating Payload CMS (Headless CMS), REST APIs, authentication, and responsive user interfaces. Passionate about performance optimization, reusable component architecture, and delivering production-ready applications. Strong in end-to-end ownership, performance optimization (improved by 25%), and building complex business workflows for real-world applications in fast-paced environments.

SKILLS

Frontend

React.js, Redux, JavaScript (ES6+), TypeScript, HTML5 (Semantic HTML), CSS3, SCSS, Bootstrap, Next.js, React Query, Pixel-Perfect UI Development, Responsive Web Design, CSS Flexbox, CSS Grid

APIs and Backend

Axios, Node.js, Express.js, MongoDB, CMS (Payload CMS, Headless CMS), RESTful APIs, JWT Authentication, AWS S3, MongoDB Transactions, Multi-Tenant Architecture

Tools & Platforms

Git, GitHub, Linux, Webpack, NPM, Babel, Vite, React Router, Postman, Netlify, D3.js, Figma

Testing & Quality

Jest, React Testing Library, Unit Testing, Integration Testing, Lighthouse, Web Vitals

Other

Agile Methodologies, CI/CD, Performance Optimization, Cross-Browser Compatibility, Accessibility (WCAG, ARIA), SEO (React Helmet), RBAC (Role-Based Access Control)

PROFESSIONAL EXPERIENCE

Mid Level Software Developer

12/2023 – Present | Bagalkot, India

Springevening Private Limited

- Developed scalable and reusable frontend applications using React.js, Next.js, Redux, and TypeScript.
- Delivered responsive and pixel-perfect user interfaces from Figma designs.
- Integrated REST APIs, authentication mechanisms, and secure frontend-backend communication.
- Improved application performance by 25% through lazy loading, code splitting, API optimization, and efficient state management.
- Collaborated with cross-functional teams in Agile environments to deliver production-ready software solutions.

Project: BRDG ERP Platform (Current Project)

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, REST APIs

- Developed secure Authentication and Authorization (RBAC) systems with role-based permissions and access control.
- Built Department Management modules supporting organizational hierarchy, role assignments, and approval workflows.
- Implemented Leave Management Workflow with request submission, multi-level approval hierarchy, status tracking, and automated workflow handling.
- Engineered Hall Booking Management functionality with scheduling, conflict prevention, approval workflows, and resource allocation.
- Integrated frontend and backend services to automate institutional administrative processes.
- Collaborated with cross-functional teams to deliver scalable ERP solutions for educational institutions.

Project: Women in Semiconductor Ecosystem (WISE)

Tech Stack: React.js, Payload CMS, MongoDB, Razorpay

- Developed reusable frontend modules using React.js, TypeScript, Bootstrap, and Payload CMS.
- Implemented user authentication workflows including manual signup/login and Google Authentication.
- Built event registration workflows supporting both free and paid events.
- Integrated Razorpay Payment Gateway for secure paid event registrations.

- Integrated Payload Headless CMS, managing collections, authentication, media uploads, and dynamic content through REST APIs.
- Created responsive, cross-browser compatible user interfaces and collaborated with backend teams for feature delivery.

Project: Inner Wheel District 317 Portal

Tech Stack: React.js, JavaScript, React Router DOM, Bootstrap 5, SCSS, Styled Components, React PageFlip, React PDF, jsPDF

- Developed a responsive web portal using React.js with reusable and modular component architecture.
- Built an interactive digital flipbook experience using React PageFlip for seamless handbook and document viewing.
- Implemented client-side routing using React Router DOM to provide intuitive navigation across the application.
- Designed responsive and cross-browser compatible user interfaces using Bootstrap 5, SCSS, and Styled Components.
- Integrated React PDF and jsPDF to enable PDF viewing, downloading, and printing functionality.
- Improved website SEO using React Helmet and integrated Google Analytics (GA4) to monitor user engagement.
- Collaborated with designers and stakeholders to deliver production-ready features while ensuring performance and usability.

Project: Soochi ERP Platform

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Developed Invoice Management functionality including invoice creation, validation, and PDF generation.
- Built reusable Product, Inventory, and Invoice Management modules using React.js with REST API integration.
- Implemented Inventory Management features for stock tracking and inventory synchronization.
- Integrated REST APIs and managed complex state handling for business workflows.
- Contributed to scalable ERP workflows involving inventory, orders, and billing operations.

PERSONAL PROJECT

Operation – Project Management & Workflow Automation

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, REST APIs

- Built a project management and workflow automation platform for startups and teams.
- Implemented Kanban-based task management with drag-and-drop workflow tracking.
- Developed role-based team collaboration features for project assignment and workload management.
- Created real-time analytics dashboards to monitor project progress and productivity metrics.
- Designed scalable REST APIs and secure authentication using JWT.
- Built responsive, mobile-friendly UI with modern React architecture and reusable components.
- Optimized application performance through efficient state management and API caching.
- Deployed and managed production-ready application with CI/CD practices.

EDUCATION

Basaveshwar Engineering College

Electronics and Instrumentation Engineering

08/2019 – 09/2023 | Bagalkot, India

CERTIFICATES

- Frontend Developer (React)

LANGUAGES

- Kannada
- Hindi
- English

INTERESTS

- Exploring new places
- Photography
- Sports
